The Company reviews its practices on ongoing basis, as and when required.

## (A) BOARD MATTERS

### The Board’s Conduct of Affairs

#### Principle 1:

**The Company is headed by an effective Board which is collectively responsible and works with Management for the long-term success of the Company.**

The Board oversees the business affairs of the Group. It provides leadership and guidance to Management, sets strategic objectives, ensures that the necessary financial and human resources are in place, and reviews management performance, with a view to achieving long-term success for the Company. The Board also ensures the adequacy of the Group’s control and risk framework and standards and ensures that obligations to its shareholders and other key stakeholders are understood and met.

The long-term vision and strategy for the Company is formulated and discussed at Board level, and its implementation, including articulation to shareholders and employees, is tasked to the Management led by the Executive Director. Management works with, and is accountable to, the Board.

#### **Provision 1.1 of the Code**

All Directors objectively discharge their duties and responsibilities as fiduciaries and take decisions in the best interests of the Group at all times. A Director who is interested in a transaction or proposed transaction will declare his/her interest and abstain from deliberations unless the Board is of the opinion that his/her presence and participation is necessary to enhance the efficacy of such discussions. Directors are required to abstain from voting in relation to conflict-related matters.

The Board has put in place a Code of Conduct Policy and Procedures to assist and guide the Directors and employees in acting honestly, ethically and respectfully and in identifying, disclosing and managing conflict of interest situations. The Code of Conduct Policy and Procedures further serve to emphasise the Group’s commitment to ethics and compliance with the law, for the protection of the Company’s interest and the promotion of transparency for the benefit of shareholders.

The Board has also adopted an Anti-Bribery & Corruption Policy detailing the Group’s policy and procedures with respect to the conduct of the Group’s business and operations in an ethical, honest, fair and professional manner. The Anti-Bribery & Corruption Policy applies to all Directors, officers, employees and contract workers (including crew) and, where necessary and appropriate, outside parties acting on behalf of the Group, including but not limited to consultants, representatives, agents and intermediaries engaged by the Group. A Gift & Hospitality Policy has been put in place to set out the Group’s specific thresholds in relation to appropriate and acceptable gifts and hospitality to offer to or receive from clients, vendors and other relevant third parties.

## Provision 1.2 of the Code

The Company recognises the importance of appropriate training for its Directors. Newly-appointed Directors will be given briefings and an orientation on the business activities of the Group and its strategic directions, their duties and responsibilities as Directors, as well as a board meeting calendar for the year. They are furnished with information outlining their duties and obligations. From time to time, the Directors are provided with updates on any changes in relevant laws and regulations, code of corporate governance, financial reporting standards and industry related matters. In addition, the Directors are also encouraged to attend relevant training programmes, seminars and workshops to enhance their skills and knowledge. Where appropriate, the Directors' training expenses will be borne by the Company. At the Audit Committee ("AC") meetings, the external auditors would update the AC and the Board on new or revised accounting standards which are applicable to the Company or the Group.

If a newly appointed Director does not have any prior experience as a director of a listed company, the Company will arrange for such first-time Director to attend the Mandatory Training in accordance to Rule 210(5)(a) of the Listing Manual, at the expense of the Company, conducted by the Singapore Institute of Directors in order for the first-time Director to familiarise himself/herself with the roles and responsibilities of a director of public listed company in Singapore.

Mr Ahmad Nizam Bin Abbas was appointed to the Board as Independent Director on 14 May 2021 and had no prior experience as a director of public-listed companies in Singapore. As at the date of this report, Mr Ahmad Nizam Bin Abbas has attended the Mandatory Training as prescribed by the SGX-ST pursuant to Practice Note 2.3 of the Listing Rules within the first year of his appointment. As a newly appointed Director in FY2021, Mr Ahmad Nizam Bin Abbas has also undergone orientation on background information about the Group's history, strategic direction and industry-specific knowledge.

The Nominating Committee ("NC") reviews and makes recommendations on the training and professional development program to the Board. The Board was apprised of the training programmes attended by each Director in FY2021.

## Provision 1.3 of the Code

The Board's primary role is to protect and enhance long-term shareholders' value. It is responsible for the Group's overall performance objectives, key operational initiatives, financial plans and annual budget, major investments, divestments and funding proposals, quarterly and full year financial performance reviews, risk management and corporate governance practices. Each Director exercises his/her objective judgement to act in good faith and in the best interest of the Company to enhance the long term value of the Group for its shareholders. The Board also considers sustainability issues, e.g. environmental, governance and social factors, in the formulation of Group strategies.

The Company has established financial authorisation and approval limits for borrowings, investments, acquisitions, disposals, capital and operating expenditures. Apart from its fiduciary duties and statutory responsibilities, the Board evaluates and approves important matters such as material acquisitions and disposal of assets, financial plans, capital expenditures, and major funding and investment proposals. It also reviews and approves the financial statements and annual reports and authorises announcements of financial results to be issued.

There is a formal delegation of authority matrix that sets out financial approval limits for the Board and Management regarding operational expenditure, capital expenditure, investments, financial costs and cheque signatory arrangements.

# CORPORATE GOVERNANCE REPORT

## Provision 1.4 of the Code

The Board is supported by the Board Committees which were established to assist the Board in discharging its responsibilities of overseeing the Group's affairs and enhancing corporate governance. These Board Committees are the AC, the Remuneration Committee ("RC") and the NC. The Board delegates specific responsibilities to these Board Committees which operate within specified terms of reference setting out the scope of their duties and responsibilities and procedures governing the manner in which each Board Committee is to operate and how decisions are to be taken. The Board accepts that while these Board Committees have the authority to examine particular issues and will report back to the Board with their decisions and/or recommendations for the Board's endorsements, the ultimate responsibility on all matters lies with the Board.

## Provision 1.5 of the Code

Board meetings are typically scheduled to coincide with half-yearly financial results reporting in order to facilitate review of unaudited half yearly and full year financial results of the Group. Quarterly board meetings are also held after the close of each of the first and third quarters to provide updates to the Directors on the interim financial positions and performance of the Group. To facilitate Directors' attendance at meetings, the dates of Board and Board Committee meetings as well as Annual General Meeting ("AGM") are scheduled in advance, typically before the start of the financial year. Ad-hoc Board and Board Committee meetings are arranged as and when circumstances require.

Matters before the Board are diligently deliberated by the Board to ensure that the interests of the Company are protected.

Meetings via telephone or videoconference are permitted under the Company's Constitution. In between Board meetings, important matters are discussed in person or via telephone or other electronic means and are tabled for Board decision via circulating resolutions in writing. Supporting memorandum or papers are circulated to the Directors where relevant. Directors with multiple Board representations would ensure that sufficient time and attention are given to the affairs of the Company.

## Provision 1.6 of the Code

Directors are, from time to time, furnished with detailed information concerning the Group to enable them to be fully cognizant of the decisions and actions of the Group's executive management. All Directors have unrestricted access to the Company's records and information to enable them to keep abreast of the Group's financial position. Detailed Board and Board Committee papers are prepared for each Board and Board Committee meeting and are circulated before each meeting. The Board and Board Committee papers include sufficient information from Management on financial, business and corporate issues to enable the Directors to be properly briefed on issues to be considered at Board and Board Committee meetings. Directors are at liberty to request from Management additional information as needed to make informed decisions.

If a Director was unable to attend a Board or Board Committee meeting, he/she would still receive all the papers and materials for discussions at that meeting. The relevant Director would review them and advise the Chairman or Board Committee Chairman of his/her views and comments (if any) on the matters to be discussed so that they may be conveyed to other members at the meeting.

## Provision 1.7 of the Code

All Directors have separate and independent access to all levels of senior executives in the Group and the Company Secretary and are encouraged to speak to other employees to seek additional information if they so require.

The Company Secretary attends all Board meetings. The Secretary of Board Committees assists in ensuring coordination and liaison between the Board, Board Committees and Management. The Company Secretary, together with Management, also ensures that the Company complies with all applicable statutory and regulatory rules. The appointment and the removal of the Company Secretary rest with the Board as a whole.

Each Director has the right to seek independent legal and other professional advice, at the Company's expense, concerning any aspect of the Group's operations or undertakings in order to fulfil their duties and responsibilities as Directors.

## Board Composition and Guidance

### Principle 2:

**The Board has an appropriate level of independence and diversity of thought and background in its composition to enable it to make decisions in the best interests of the Company.**

The number of the Board members was increased from six (6) to seven (7) directors with the appointment of Mr Ahmad Nizam Bin Abbas as an Independent Director. As at the date of this report, the Board comprises of: three (3) Independent Directors, three (3) Non-Executive Non-Independent Directors and one (1) Executive Director. The Directors of the Company as at the date of this report are as follows:

Mr Thia Peng Heok George	Chairman, Independent Director
Dr Benety Chang	Chief Executive Officer ("CEO") & Executive Director
Ms Jeanette Chang	Non-Executive Non-Independent Director
Mr Tan Kiang Kherng	Non-Executive Non-Independent Director
Mr Tan Pong Tyea	Non-Executive Non-Independent Director
Mr Tan Kian Huay	Independent Director
Mr Ahmad Nizam Bin Abbas	Independent Director

# CORPORATE GOVERNANCE REPORT

## Provisions 2.1, 2.2 & 2.3 of the Code

A Director who is independent in conduct, character and judgement and has no relationship with the Company, its related corporations, its substantial shareholders or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the Director's independent judgement in the best interests of the Group, is considered to be independent.

The NC reviews the independence of each Director on an annual basis, and as and when circumstances require, by taking into account, inter alia, the criteria provided in the Listing Rules and the Code, the existence of any relationships between such Director and the Group, its related corporations, its substantial shareholders and officers and if applicable, whether such relationships can interfere, or be reasonably perceived to interfere, with the exercise of such Director's independent judgment. The NC has determined that all the Independent Directors are independent and have no relationship (whether familial, business, financial, employment or otherwise) with the Company, its related corporations, substantial shareholders or officers, which could interfere or be perceived to interfere with the Director's independent judgment.

The current composition of the Board complies with the recommendation of the Code that Independent Directors make up at least one third of the Board as the Board Chairman is an Independent Director.

None of the Directors are related to one another except for Dr Benety Chang and Ms Jeanette Chang. Ms Jeanette Chang is the daughter of Dr Benety Chang. The background of each director is set out in the "Board of Directors" section of this Annual Report.

None of the Independent Directors have served on the Board beyond 9 years from the date of first appointment.

## Provision 2.4 of the Code

The NC reviews the size and composition of the Board and its Board Committees annually. The NC and Board are of the view that the size and level of independence of the Board is appropriate and that the Board comprises of Directors who as a group have an appropriate balance and mix (as well as breadth and depth) of skills, knowledge and experience and diversity of thought, so as to foster constructive and robust debate and avoid groupthink.

The current Board comprises of one (1) female Director and six (6) male Directors with an age group ranging from mid 40s to more than 70 years old. Each Director has been appointed based on the strength of his/her calibre, experience, grasp of corporate strategy and potential to contribute to the Company and its businesses. The Board provides diversity of expertise and knowledge in areas such as marine and offshore industry, accounting or finance, business or management experience, human resource, risk management, mergers and acquisitions, strategic planning experience and various other industry knowledge, required for the Board and the Board Committees to be effective.

While the Board consists of professionals (i) from various disciplines and expertise; (ii) with diversity in age ranging from mid 40s to more than 70 years old; and (iii) with diversity in gender with 14% female representation on the current Board, it has yet to adopt a formal board diversity policy as of the date of this Report. Nonetheless, the Board acknowledges and embraces the benefits of diversity on the Board and would look into setting board diversity objectives and formalising and adopting a formal board diversity policy in FY2022.

Despite the absence of a formal board diversity policy, the Board is committed to building an open, inclusive and collaborative culture and recognises the importance of all aspects of diversity in supporting the achievement of its strategic objectives, growth and sustainable development.

## Provision 2.5 of the Code

The Independent Directors meet without the presence of Management from time to time and on a need basis, and any relevant feedback would be provided to the Board and/or Chairman, as appropriate. The Company also benefits from Management's ready access to its Directors for guidance and exchange of views both within and outside the formal environment of the Board and Board Committee meetings.

# CORPORATE GOVERNANCE REPORT

## Chairman and Chief Executive Officer

### **Principle 3:**

**There is a clear division of responsibilities between the leadership of the Board and Management, and no one individual has unfettered powers of decision-making.**

### **Provision 3.1 of the Code**

Different individuals assume the Chairman and the CEO functions in CHO. There is a clear separation of the roles and responsibilities between the Chairman and the CEO. Mr Thia Peng Heok George is the Chairman of the Board and is an Independent Director. Dr Benety Chang is the CEO of the Group. The Board Chairman and the CEO are not related to each other.

### **Provision 3.2 of the Code**

The Chairman is responsible for leading and ensuring the effectiveness of the Board. This includes promoting a culture of openness and debate at the Board, ensuring that the members of the Board work together with integrity and competency, facilitating the effective contribution of all Directors and promoting high standards of corporate governance. The Chairman also ensures appropriate relations within the Board and between the Board and Management, engaging Management in constructive debate on strategy, business operations, enterprise risk and other plans. The Chairman also ensures effective communication with shareholders and other stakeholders.

The CEO is responsible for the leadership and overall management of the affairs of the Group. The CEO also sets strategic objectives and implement strategies to achieve the long-term sustainable growth of the Group and value creation.

### **Provision 3.3 of the Code**

Given that Mr Thia Peng Heok George is an Independent Director, the position of Lead Independent Director is not required in line with the Code.

## Board Membership

### **Principle 4:**

**The Board has a formal and transparent process for the appointment and re-appointment of Directors, taking into account the need for progressive renewal of the Board.**

### **Provision 4.1 of the Code**

The NC has put in place a formal and transparent process for all appointments to the Board. It has adopted written terms of reference defining its membership, administration and duties.

The NC's primary functions are to evaluate and to review nominations for appointment and re-appointment to the Board and the various committees, to assess the effectiveness of the Board, to nominate any Directors for re-election at the AGM, having regards to the Director's contribution and performance (such as attendance, preparedness, participation and candor), to determine whether or not the Director is independent, to review Board succession plan for Directors and to review the training and professional development programs for the Board.

### **Provision 4.2 of the Code**

As at the date of this report, the NC is chaired by Mr Tan Kian Huay with Dr Benety Chang and Mr Thia Peng Heok George as members. The majority of the NC members, including the Chairman, are Independent Directors.

# CORPORATE GOVERNANCE REPORT

## Provisions 4.3, 4.4 & 4.5 of the Code

In the event that the appointment of a new Director is required, the NC taps on the resources of the Directors' contacts and/or engage external consultants to source for potential candidates. The NC will seek to identify the competence and attributes that may be required for the Board to fulfil its responsibilities and may engage recruitment consultants or other independent experts to undertake research on or assess potential candidates for new positions on the Board. The NC then meets with the shortlisted potential candidates with the appropriate profile to assess suitability and to ensure that the candidates are aware of the expectation and the level of commitment required, before nominating the most suitable candidate to the Board for appointment as Director.

The NC also conducts an annual review of the independence of a Director having regard to the circumstances set forth in Provision 2.1 of the Code and Rule 210(5)(d) of the Listing Rule of SGX-ST. The NC has reviewed the independence of the Directors and affirmed that Mr Thia Peng Heok George, Mr Tan Kian Huay and Mr Ahmad Nizam Bin Abbas are independent and free from any relationship outlined in the Code. Each of the Independent Directors has also confirmed his independence.

The NC also determines annually whether a Director with multiple board representations and other principal commitments is able to and has adequately discharged his/her duties as a Director of the Company. The NC is of the view that, setting a maximum number of listed company board representations a Director should have is not meaningful, as the contribution of each Director would depend on their individual circumstances, including whether they have a full-time vocation or other responsibilities. The Board shares this view.

Notwithstanding the number of listed company board representations and other principal commitments which the Directors held, the NC was of the view that the Directors have been able to devote sufficient time and attention to the affairs of the Company and they are able to fulfill their duties as Directors of the Company. There is no Alternate Director on the Board.

At each AGM of the Company, not less than one third of the Directors for the time being (being those who have been longest in office since their last re-election) are required to retire from office by rotation. A retiring Director is eligible for re-election by the shareholders of the Company at the AGM. Also, all newly appointed Directors during the year will hold office only until the next AGM and will be eligible for re-election.

The NC, with each NC member abstaining in respect of his own re-election, has recommended to the Board the nomination of Directors retiring under Article 89 of the Company's Constitution, namely Mr Tan Kian Huay and Mr Tan Pong Tyea, for re-election at the forthcoming AGM of the Company. In addition, Article 88 of the Company's Constitution provides that new directors of the Company shall hold office until the next AGM and shall then be eligible for re-election. As such, Mr Ahmad Nizam Bin Abbas, as a newly appointed Independent Director, will be retiring at the forthcoming AGM. The Board has accepted the recommendations of the NC, and accordingly, Mr Tan Kian Huay, Mr Tan Pong Tyea and Mr Ahmad Nizam Bin Abbas will be offering themselves for re-election.

The details of Mr Tan Kian Huay, Mr Tan Pong Tyea and Mr Ahmad Nizam Bin Abbas who will be retiring by rotation at the forthcoming AGM are set out on pages 128 to 137 of this Annual Report.

## Board Performance

### Principle 5:

**The Board undertakes a formal annual assessment of its effectiveness as a whole, and that of each of its board committees and individual Directors.**

### **Provisions 5.1 & 5.2 of the Code**

The Board noted the Code's recommendation that the NC be responsible for assessing the Board as a whole, and that of each of the Board Committees and individual Directors.

The NC assesses the Board's effectiveness as a whole by completing a Board Assessment Checklist. The Board Assessment Checklist takes into consideration factors such as the Board's structure, conduct of meetings, risk management and internal controls and the Board's relationship with Management. The NC also assesses the Board's performance based on a set of quantitative criteria and financial performance indicators as well as share price performance which allow for comparison with industry peers.

The NC assesses each Board Committee's effectiveness as a whole by completing Board Committee Assessments for each Board Committee.

The NC also evaluates the performance of each Director. The criteria includes each Director's commitment of time for Board and Board Committee meetings, level of participation, contribution and deliberation of issues at meetings, knowledge and understanding of the Group's major risk factors as well as performance of tasks delegated to the Director.

The NC is of the view that the primary objective of the assessment exercise is to create a platform to identify the Board's strengths and make recommendations for improvements to be tabled to the Board for discussion and comment with a view to strengthening the effectiveness of the Board. The Company does not engage an external facilitator in respect of the assessment of performance of the Board and Board Committees. The NC has full authority to engage external facilitators to assist in carrying out the evaluation process, if the need arises.

The NC has reviewed and is satisfied with the performance and effectiveness of the Board and the Board Committees and the contribution by individual Directors to the effectiveness of the Board for FY2021.

## **(B) REMUNERATION MATTERS**

### **Procedures for Developing Remuneration Policies**

### Principle 6:

**The Board has a formal and transparent procedure for developing policies on Director and executive remuneration, and for fixing the remuneration packages of individual Directors and Key Management Personnel. No Director is involved in deciding his or her own remuneration.**

# CORPORATE GOVERNANCE REPORT

## **Provision 6.1 of the Code**

The RC has adopted written terms of reference defining its membership, administration and duties.

The primary functions of the RC are to review and recommend to the Board a framework of remuneration for the Directors, CEO and Key Management Personnel, including but not limited to Director's fees, salaries, allowances, bonuses, options and benefits in kind, to perform annual review of the remuneration of employees related to the Directors and substantial shareholders (if any) and to implement and administer the CH Offshore Employee Option Scheme.

No member of the RC is involved in deliberating in respect of any remuneration, compensation or any form of benefits to be granted to him/her.

The recommendations of the RC have been submitted for endorsement by the entire Board of Directors.

## **Provision 6.2 of the Code**

As at the date of this report, the RC is chaired by Mr Thia Peng Heok George with Mr Tan Kian Huay and Ms Jeanette Chang as members. Both Mr Thia Peng Heok George and Mr Tan Kian Huay are Independent Directors.

## **Provision 6.3 of the Code**

The RC reviews the Company's obligations under the service agreements of the Executive Director and Key Management Personnel that would arise in the event of termination of these service agreements to ensure that such service agreements contain fair and reasonable termination clauses.

## **Provision 6.4 of the Code**

In discharging its functions, the RC may, at the Company's expense, obtain such independent legal and other professional advice as it deems necessary. The Company has not engaged any remuneration consultants during the year under review.

## **Level and Mix of Remuneration**

### **Principle 7:**

**The level and structure of remuneration of the Board and Key Management Personnel are appropriate and proportionate to the sustained performance and value creation of the Company, taking into account the strategic objectives of the Company.**

## **Provisions 7.1 and 7.3 of the Code**

In setting remuneration packages, the Company takes into account pay and employment conditions within the same industry and in comparable companies, as well as the Group's relative performance and the performance of individual Executive Director and Key Management Personnel. Consideration is also given to whether the remuneration packages are competitive and sufficient to ensure that the Company is able to attract and retain the best available executive talent, without being excessively generous, and be able to motivate the Executive Director and Key Management Personnel to provide good stewardship of the Company and to successfully manage the Company for the long term.

# CORPORATE GOVERNANCE REPORT

The Executive Director does not receive Directors' fees. The remuneration for the Executive Director and Key Management Personnel comprises a base/fixed salary, allowance and a variable performance related bonus, which is designed to align the interests of the Executive Director and Key Management Personnel with those of shareholders and promote the long-term success of the Group.

The RC reviews the remuneration of Directors and Key Management Personnel on an annual basis to ensure that it is commensurate with their performance, giving due regard to the financial and commercial health and business needs of the Company.

The CHO Employee Share Option Scheme (the "**Scheme**") was implemented on 27 May 2016 as an incentive plan for employees of the Group based on individual performance. The primary objectives of the Scheme include retention of key employees of the Group whose contributions are essential to the long-term growth and profitability of the Group, instilling loyalty and a stronger identification by participants with the long-term goals of the Company and attraction of potential employees with relevant skills to contribute to our Group creating value for the shareholders so as to align the interests of participants to the interests of the shareholders. Details of the Scheme are disclosed under the Directors' Statement set out in pages 62 to 63 of this Annual Report.

To promote the long-term success of the Company, none of the Executive Director's and Key Management Personnel's remuneration is tied solely and specifically to the profitability of the Company or the Group.

## **Provision 7.2 of the Code**

The RC adopted a Directors' fee framework in which the Independent Directors will receive Directors' fees in accordance with their contributions, taking into account factors such as effort and time spent, roles and responsibilities and the need to pay competitive fees to attract, retain and motivate the Independent Directors. The Directors' fees are reviewed every three years. The Independent Directors' fees comprise a basic fee and additional fees for appointment as Chairman of the respective Board Committees as per the table below.

### Directors' Fee Framework

Basic Fee for Independent Director	S\$40,000 per annum (FY2021) / S\$42,000 per annum (FY2022)
Audit Committee Chairman	50% of Basic Fee
Remuneration/Nominating Committee Chairman	25% of Basic Fee

The Independent Directors are not compensated to the extent that their independence may be compromised.

In addition to the above Independent Director's fee, the RC and the Board proposed a fixed monthly Director's Fee for each Shareholders' Nominated Directors to be paid quarterly in arrears for shareholders' approval at the forthcoming AGM.

The Company noted that the Code has recommended the incorporation of appropriate "claw-back mechanisms" to allow the Company to reclaim the variable incentive-based component of remuneration from Directors and Key Management Personnel. There are, at present, no provisions allowing the Company to reclaim incentive components of remuneration from the Executive Director and Key Management Personnel in exceptional circumstances of misstatement of financial results, or of misconduct resulting in financial loss to the Company. The Company should be able to avail itself to remedies against the Executive Director in the event of such breach of fiduciary duties.

# CORPORATE GOVERNANCE REPORT

The Company is transparent on its remuneration policies, level and mix of remuneration, the procedure for setting remuneration, and the relationships between remuneration, performance and value creation.

# CORPORATE GOVERNANCE REPORT

The remuneration of each individual Director and Key Management Personnel (who are not Directors of the Company) is not disclosed in dollar terms as remuneration is a commercially sensitive matter, given that the Company operates in a highly competitive environment where potential poaching of employees by competitors is fairly common. The Board is of the view that the deviation from Provision 8.1 of the Code will not be prejudicial to the interest of shareholders.

As at the date of this Corporate Governance Report, there were 2 Key Management Personnel in the Company.

There were no termination, retirement and post-employment benefits granted to any Director, the CEO, Executive Director and Key Management Personnel for FY2021.

## **Provision 8.2 of the Code**

Save as disclosed in the above remuneration table for Directors, there is no employee in the Group who is an immediate family member of any of the Directors or the CEO and whose remuneration exceeded S\$100,000 during FY2021. "Immediate family member" means spouse, child, adopted child, step-child, brother, sister and parent.

Ms Jeanette Chang, a Non-Executive Non-Independent Director, who is also the daughter of Dr Benety Chang (the CEO and Executive Director of the Company) received remuneration in the form of Director Fees. ## **(C) ACCOUNTABILITY AND AUDIT**

### **Risk Management and Internal Controls**

#### **Principle 9:**

**The Board is responsible for the governance of risk and ensures that Management maintains a sound system of risk management and internal controls, to safeguard the interests of the Company and its shareholders.**

#### **Provision 9.1 of the Code**

Risk management is an integral part of the Group's business strategy. In order to safeguard and create value for stakeholders, the Group proactively manages risks and embeds the risk management process into the Group's planning and decision-making process. The Board has overall responsibility for the governance of the Group's risk management and internal controls. The Risk Management Committee ("**RMC**") has been set up to assist the Board in performing reviews and updates of the risk register to identify new risks and re-rank the severity and the applicability of the existent risks. The RMC comprises of CEO/Executive Director, Financial Controller ("**FC**"), Executive Officer(s) and all departmental heads.

The Board determines the Company's levels of risk tolerance and risk policies and oversees Management in the design, implementation and monitoring of the risk management and internal controls systems. The Board considers the nature and extent of the significant risks which the Company may take in achieving its strategic objectives and value creation and reviews and guides Management in the formulation of risk policies and processes to effectively and proactively identify, evaluate and manage significant risks to safeguard shareholders' interests and the Group's assets.

The Board has implemented an Enterprise Risk Management Framework for the identification, assessment, monitoring and reporting of significant risks (including any sanctions-related risks). The Company maintains a risk register which identifies the material risks facing the Group and implements internal controls to manage or mitigate those risks. The RMC presents the risk register (with revisions, if any) to the Board for review and discussion at least twice a year.

# CORPORATE GOVERNANCE REPORT

The work of the internal auditors and the report of the external auditors have enabled the identification of key risks which are reported to the AC to facilitate the Board's oversight of the effectiveness of risk management and the adequacy of mitigating measures taken by Management to address the underlying risks. The internal audits are conducted to assess the adequacy and effectiveness of the Group's system of internal controls in addressing financial, operational, information technology and compliance risks. In addition, material control weaknesses over financial reporting, if any, are highlighted by the external auditors in the course of the statutory audit.

All audit findings and recommendations made by the internal and external auditors are reported to the AC and significant findings are discussed at the AC meetings. Management follows up on all recommendations to ensure timely remediation of audit issues and reports the status to the AC.

## **Provision 9.2(a) and 9.2(b) of the Code**

The Board has received written assurance from the CEO and the FC as well as the relevant Key Management Personnel that:

- (a) The financial records of the Group have been properly maintained and the financial statements for FY2021 give a true and fair view of the Group's operations and finances; and
- (b) The system of risk management and internal controls in place within the Group is adequate and effective in addressing the material risks in the Group in its current business environment including material financial, operational, compliance and information technology controls, and risk management systems.

The Board also confirmed that there has been no material change in its risk of being subject to any sanctions-related law or regulation.

Based on the risk management and internal controls established and maintained by the Group, work performed by the internal and external auditors and reviews performed by Management and the Board Committees as well as the written assurance received from the CEO and the FC as well as the relevant Key Management Personnel, the Board, with the concurrence of the AC, is of the opinion that the Group's internal controls are adequate and effective to address financial, operational, compliance and information technology controls and risk management systems (including any sanctions-related risks), which the Group considers relevant and material to its operations.

The Board noted that the system of risk management and internal controls established by the Group provides reasonable, but not absolute, assurance that the Group will not be adversely affected by any event that can be reasonably foreseen as it strives to achieve its business objectives. In this regard, the Board also notes that no system of risk management and internal controls can provide absolute assurance against the occurrence of material errors, poor judgement in decision-making, human error, losses, fraud or other irregularities.

The Board is updated quarterly on the Group's financial positions and performance with explanations for significant variances in financial performance. The Board is also provided with quarterly updates on key business and operational activities.

As part of the risk management process, general IT controls and cyber security measures are also reviewed to ensure that IT risks and cybersecurity threats are identified and mitigated. In addition, as part of the Group's business continuity plan, IT disaster recovery planning and tests are conducted to ensure that critical IT systems remain functional during a crisis.
